

## Fees

Initial Consultation	Free
Record Taking	£100
Fixed appliances - metal	£500 - £2500*
Fixed appliances - tooth coloured	£2000 - £3500*
Lingual appliances	£2000 - £6000*
Aligners	£200 - £600^
Tooth whitening	£400

- The fee depends on whether one or both arches are treated, and whether a partial or full arch appliance is needed.

^ The fee depends on the number of aligners needed, to a maximum of 6.

For all treatments, an initial lump-sum payment to cover the cost of the appliance is required. The balance can be paid in interest-free instalments up to a maximum of one year.

## Private Treatment Information

Chesterfield Orthodontics offers a high quality service in a comfortable, modern and relaxed environment. We offer a variety of orthodontic treatments to straighten your teeth, including tooth coloured and invisible braces.

### What types of braces are available?

#### Fixed Appliances

Most treatments are best done with fixed appliances. These can be tooth coloured brackets, which work in the same way as conventional metal brackets, but look better.

## Lingual

The best way to make fixed appliances invisible is to put them on the back of the teeth. These are lingual appliances.

Modern lingual appliances use computer aided design and manufacture. Each part of the brace is custom made for the patient, which makes them as comfortable and effective as possible.

## Aligners

Sometimes it is possible to treat relatively simple problems with a sequence of clear plastic aligners. And they are almost invisible!

## Tooth Whitening

Many patients think their teeth look too dark, and this can be more noticeable once the teeth have been straightened and the braces have been removed. Sometimes the appearance can be drastically improved by whitening them.

## Treatment Coordinator

Laura is the first point of contact for our Private Patients. Laura is available to help out with any of your treatment needs such as organising appointments and making sure everything runs smoothly.

Contact Laura on [laura@smilebydesign.biz](mailto:laura@smilebydesign.biz) or on the practice telephone number.
